Appendix C-2--Post-Eligibility

GENERAL INSTRUCTIONS

ALL Home and Community-Based waiver recipients found eligible under §435.217 are subject to post-eligibility calculations.

Eligibility and post-eligibility are two separate processes with two separate calculations. Eligibility determines whether a person may be served on the waiver. Post-eligibility determines the amount (if any) by which Medicaid reduces its payment for services furnished to a particular individual. By doing so, post-eligibility determines the amount (if any) for which an individual is liable to pay for the cost of waiver services.

An eligibility determination (and periodic redetermination) must be made for each person served on the waiver.

Post-eligibility calculations are made ONLY for persons found eligible under §435.217.

Post-eligibility determinations must be made for all groups of individuals who would be eligible for Medicaid if they were in a medical institution and need home and community-based services in order to remain in the community (§435.217). For individuals whose eligibility is not determined under the spousal rules (§1924 of the Social Security Act), the State must use the regular post-eligibility rules at 435.726 and §435.735. However, for persons found eligible for Medicaid using the spousal impoverishment rules, the State has two options concerning the application of post-eligibility rules:

OPTION 1: The State may use the post-eligibility (PE) rules under 42 CFR §435.726 and §435.735 just as it does for other individuals found eligible under §435.217 or;

OPTION 2: it may use the spousal post-eligibility rules under §1924.

REGULAR POST-ELIGIBILITY RULES--§435.726 and §435.735

- o The State must provide an amount for the maintenance needs of the individual. This amount must be based upon a reasonable assessment of the individual's needs in the community.
- o If the individual is living with his or her spouse, or if the individual is living in the community and the spouse is living at home, the State must protect an additional amount for the spouse's maintenance. This amount is limited by the highest appropriate income standard for cash assistance, or the medically needy standard. The State may choose which standard to apply.
- o If the individual's spouse is not living in the individual's home, no maintenance amount is protected for that spouse's needs.

- o If other family members are living with the individual, an additional amount is protected for their needs. This amount is limited by the AFDC need standard for a family of the same size or by the appropriate medically needy standard for a family of the same size. The State may choose which standard to apply.

SPOUSAL POST-ELIGIBILITY--§1924

When a person who is eligible as a member of a 42 CFR 435.217 group has a community spouse, the State may treat the individual as if he or she is institutionalized and apply the post-eligibility rules of §1924 of the Act (protection against spousal impoverishment) instead of the post-eligibility rules under 42 CFR 435.726 and 435.735. The §1924 post-eligibility rules provide for a more generous community spouse and family allowance than the rules under 42 CFR 435.726 and 435.735. Spousal impoverishment post-eligibility rules can only be used if the State is using spousal impoverishment eligibility rules.

The spousal protection rules also provide for protecting a personal needs allowance (PNA) "described in §1902(q)(1)" for the needs of the institutionalized individual. This is an allowance which is reasonable in amount for clothing and other personal needs of the individual . . . while in an institution." For institutionalized individuals this amount could be as low as \$30 per month. Unlike institutionalized individuals whose room and board are covered by Medicaid, the personal needs of the home and community-based services recipient must include a reasonable amount for food and shelter as well as for clothing. The \$30 PNA is not a sufficient amount for these needs when the individual is living in the community.

Therefore, States which elect to treat home and community-based services waiver participants with community spouses under the §1924 spousal impoverishment post-eligibility rules must use as the personal needs allowance either the maintenance amount which the State has elected under 42 CFR 435.726 or 42 CFR 435.735, or an amount that the State can demonstrate is a reasonable amount to cover the individual's maintenance needs in the community.

POST ELIGIBILITY

REGULAR POST ELIGIBILITY

1. X **SSI State.** The State is using the post-eligibility rules at 42 CFR 435.726. Payment for home and community-based waiver services are reduced by the amount remaining after deduction the following amounts from the waiver recipients income.

* If this amount changes, this item will be revised.

C. X The following formula is used to determine the needs allowance:

The basic needs allowance, indexed annually by the percentage increase in the state's SSI-E payment; plus an allowance for employed individuals equal to the first 65 dollars of earned income and 1/2 of remaining earned income; plus special exempt income which includes court ordered support amounts (child or spousal support) and court ordered attorney and/or guardian fees; plus a special housing amount that includes housing costs over \$350 per month. The total of these 4 allowances cannot exceed 300% of the SSI federal benefit.

The state has developed a method to carve out/identify the cost of home and community based waiver services from the cost of other Medicaid services so the individual's cost share (patient

liability) is applied only to the cost of home and community based waiver services. The statewide historical average cost of home and community based waiver services (annually trended for inflation) is the proxy for the actual cost of waiver services received by the individual by target group. This average amount is subject to cost share toward waiver covered services and is the amount on which individuals, who are subject to a cost share, will have to share costs up to their ability to pay.

Note: If the amount protected for waiver recipients in item 1. is **equal to, or greater than** the maximum amount of income a waiver recipient may have and be eligible under 42 CFR 435.217, **enter NA in items 2. and 3.** following.

2. X The State uses the post-eligibility rules of §1924(d) of the Act (spousal impoverishment protection) to determine the individual's contribution toward the cost of home and community-based care if it determines the individual's eligibility under §1924 of the Act. There shall be deducted from the individual's monthly income a personal needs allowance (as specified below), and a community spouse's allowance, a family allowance, and an amount for incurred expenses for medical or remedial care, as specified in the State Medicaid plan.
